PRESIDENT'S REPORT

Welcome to the 92nd Annual Meeting of the Corpus Christi Postal Employees Credit Union. Thank you for joining us once again, we appreciate your presence and support.

Celebrating 92 years is a big accomplishment for any institution. The fact that we have never opened our doors to everyone is an even bigger accomplishment. We continue to serve ONLY the United States Postal Service and their families which means YOU are the reason we are still here and going strong. We truly appreciate your business and your loyalty throughout the years.

Let me tell you about the year your Credit Union has had. This is definitely a year for the record books. We ended the year with an 18.11% Capital position, the law requires a minimum of 7%.

Our loan portfolio as of December 2023 was \$7,982,530.44, which is another record high for our Credit Union. We ended the year with zero delinquency and no charged off loans. In 2023 we granted 96% of all loan requests.

During 2023 we paid out \$50,043.09 in dividends which represents 7.6% of our total gross income which was \$658,891.93. We have tried to stay competitive regarding rates and dividends which is a struggle when you consider these much larger institutions.

Our accomplishments in 2023 will keep us competitive while continuing to train our staff to better serve you in the future. We are here for all of your financial needs. We believe in the cooperative nature of credit unions and the old adage of "people helping people". We will continue to work together to strengthen our Credit Union for future generations to come.

I would like to thank our Board of Directors for their dedicated service to our Credit Union. Their time is strictly voluntary and they truly have the Credit Union's best interest in mind when making decisions. These men have continued to grow and learn all aspects of the Credit Union rules and regulations. I appreciate them for all the support and advice they have given. I am proud to stand beside them not just as colleagues, but as people I trust and respect.

Respectfully,

Elma Schwing

President/CEO

REPORT OF THE CHAIRMAN OF THE BOARI

I am happy to report that 2023 was a very successful year for our Credit Union. I Would like to thank my fellow board of directors for choosi me to serve as chairman these past two years. I would also like to commend them for their voluntary service and dedication to our Credit Union. We have worked well together to ensure the safety and soundness of our Credit Union. I would also like to thank the staff for a job well done serving our membership.

We have not only updated the look of the Credit Union, but we have also upgraded services and even some limited technology. We know that everyone leads busy lives and the banking work has definitely changed. Our question should be, has it changed for the better? In all areas, we believe it has its' advantages and disadvantages Everyone wants things to be easy and convenien but if there is an error, is it easy to speak to someone about it? Is it easy for them to refund fix the error? Probably not.

We as your Credit Union believe in keeping things simple and safe. We believe in knowing our membership and their needs. We are here to help you prepare for hardships, bad economies, and even just plain bad luck. This year we had \$3,093.19 in fraud for the year which is minimal compared to most institutions.

Your Credit Union continued to stay competitive on loans while keeping our delinquency below 1% all year. Your Credit Union remains strong an holds a high capital position of 18.1%. Your Crec Union is examined by the state and also by priva auditors annually. Their reports show our Credit Union is not just fundamentally sound, but also in good order. Rest assured that the Credit Union serves our membership in a professional and competent manner.

Respectfully,

Edward Torres
